

School Breakfast Program

Business people know decisions need to be made based on investment and return. The School Breakfast Program is a sound investment in children that helps guarantee a solid return for the community. Children who eat a healthy breakfast are more alert and achieve better academically. When children are successful in school, they help grow the economy and build a stronger community. Eating breakfast at school is an efficient, simple way for children to have a healthy start to their day. At less than the cost of most junk foods, the return on investment makes good sense. Business persons and parents alike set children up for success when they support the School Breakfast Program. Sandusky Community Schools offers a balanced breakfast each morning that helps kids pay attention and be ready to learn.
